

STANDARD MESSAGE

PRINTED CARTON SEALING TAPE

HP 240

Our premium HP Carton Sealing Tape is now available with printed messages.

> **Security**

Shurtape HP 240 helps prevent pilferage and reduces shipping claims. Printed messages are locked between the film and the adhesive which eliminates smudging, and will not effect the performance of the seal. These printed messages prevent tampering and alert handlers to special care instructions.

> **Strength**

Like all of our HP Series Carton Sealing Tapes, HP 240 is constructed of biaxially-oriented polypropylene (BOPP) film, with a proprietary hot melt adhesive for unequaled holding power. When you seal a carton with HP, the carton stays closed. Every time.

> **Consistency**

From manual applications to automated packaging lines, HP 240 releases smoothly off the roll and delivers consistent tension. No flagging, no bottleneck—just a secure seal on every package out the door.

Shurtape

HOLD STRONG.
