

Under-the-Radar... With a Maximum Payload

Introducing CF740, Shurtape's New High Temperature Masking Tape that Combines Both Solvent and Water Resistance in a Single Product.

Moisture resistance...Solvent resistance...Excellent quick stick...Clean removal... are just a few of the key features that make **CF740** the perfect solution for high temperature industrial masking applications.

Engineered utilizing a **fine structured crepe** backing combined with a **high temperature** rubber adhesive system, **CF740** exhibits a smooth, consistent unwind which delivers a user-friendly product during applications. **CF740** is ideally suited for demanding masking applications in the transportation, powder coating and metal fabrication industries, including painting and coating.

Shurtape CF740 will consistently meet and exceed the rigorous demands of high temperature industrial masking applications. Shurtape, delivering quality products with superior service. Another reason to **Stick With The Pros...®**
